

# June News

## Learning in June:

This month's theme is Summer Fun! We will be talking about ocean animals, the beach, fun things to do in the summer, and playing in the water! We will still play outside as long as the weather will allow us to, so make sure your child has a water bottle and sunscreen so that they're prepared. This month for our social emotional piece, we will really be working hard at using our solution station and learning different ways to problem-solve in social situations, as well as the steps to follow. We will also be acting out some different scenarios with one another, and using puppets to reenact different social scenarios that might happen among friends. The main focuses will be taking turns, transitioning, and using our words with friends.

## Important Dates to Remember:

- **Superman Supper** – Thursday, June 15<sup>th</sup>
- **Father's Day** – Sunday, June 18<sup>th</sup>
- **International Mud Day** – Friday, June 23<sup>rd</sup>

## Snapshots in the Classroom:

**Left:** Our friends enjoying their popsicles that they made for our bucket filler party!

**Right:** Holding back giggles as we take Mother's Day pictures.

**Below:** Our friends making silly faces at circle time!

## Classroom Reminders:

- Remember to check Tadpoles daily for important information regarding our classroom.
- Water Play begins the week after Memorial Day. Please make sure your child has sunscreen, a swim suit, a towel, water shoes with backs (no flip-flops) and any other necessities you wish for them to wear during water play. Label all items!
- Our water play days will be Tuesdays and Fridays from 9:00am-10:00am so please make sure your child is here and ready ahead of time! ☺
