

Bohr's Bunch March News

Look at Me!

Top Left: Max is concentrating so hard on the different colors he is mixing with his watercolors.

Middle: Jack is so excited about being the weather watcher!

Top Right: Cameron has fun digging up bugs in the dirt sensory table.

Important Reminders:

- Please be sure that you are checking your child's art folder daily and taking home any important papers and artwork.
- Be sure to check your emails and Tadpoles daily to keep up with what we're learning about in class, and see fun pictures of the kiddos!
- We like to get **MESSY** in our classroom. We experiment and discover with lots of art, crafts, and sensory activities. Please be sure that you are sending your child in play clothes that can get dirty. We do our best to keep aprons on the kids and keep them clean, but they may spill on their clothes occasionally.

Learning in March:

Our theme for this month is 'Amazing Animals!' We will start off the month by honoring Dr. Seuss's birthday by reading all sorts of Dr. Seuss books about animals. The following week, we will be talking about different types of zoo animals and their habitats. After that comes farm week! We will be talking about the different animals we might see on a farm, take a look at different tractors, and get down and dirty in some mud sensory tubs! The next two weeks we will be talking about ocean animals, followed by our very own pets. If you can, please send your child to school with a picture of their pet(s) so that can show their friends during the last month of March. If your child does not have a pet, that's okay! They are more than welcome to bring in a stuffed animal that they care for to share it with their friends. Also, if you have any books about animals that you would like to share with the class this month, just make sure they are labeled before sending them to school. Thanks so much!

Welcome!

Please help us to welcome our new friends who have moved up this month!
