

Franklin's Family

Theme for August: Transportation

This month we are going to learn all about Transportation. We will be studying cars, boats, trucks, buses, trains, and airplanes. Feel free to bring in whatever transportation toys or pictures you would like so we can all enjoy some hands-on fun!

Next month's theme will be: Amazing Animals

Gardening...

We have tomatoes on the vine! Congratulate your children on a job well done!

Objectives...

Be sure to check out our objective board outside of our classroom to check out what skills we are working on. We learn through play, so what may look like play is teaching so many new skills!

August
