PBS What is PBIS

At Googols you hear us talk about PBS or PBIS a lot. So with a new school year about to begin, I thought that I would explain what PBS or PBIS is. PBIS stands for Positive Behavioral Interventions and Supports. It is our way of encouraging good behaviors. Instead of punishment, we stress prevention. It has been proven that children that are taught to be social and emotional people do better in school and in other life situations. If you have any questions, please don't hesitate to ask!

August Theme Transportation
