Outdoor Fun!

Its finally warm enough for us to enjoy more outside time. The kiddos love digging in the sandbox and roaming the other areas of the playground.

Tracking our plant

We've been tracking the growth of our sunflower its up to nine inches now. We might have to re-pot it in a bigger pot. The kiddos enjoy watering and caring for the plant.

PBS

Last month we had several biting incidents... this month we'll talk about how we use and care for our teeth.
