

Galileo's Group June '13 Newsletter

Dear Families,

Summer is almost here! We are gearing up for a fun-filled month of June. Here is a look at what is planned for the upcoming month. Our themes for the month are: Wizard of Oz, Farm Fun, Summer, and Mud. We will spend each week reviewing the letters and colors we have already learned this year as well. We will be celebrating Googols birthday on June 14 at 3:30 and celebrating International Mud Day on June 28 at 3:30. Please feel free to join us for these events!

We are continuing to work on filling our bucket with poms to earn a party! Poms can be earned by using hands for helping, using kind words, sharing, smiling, and being a good friend. We will continue to work on problem solving, and being a good friend. You can help us reinforce this expectation at home by talking with your child about what it means to be a kind friend.

Water play will begin on May 28. We will be doing water play every Tuesday and Thursday morning. Your child needs to have a towel, swimsuit, and appropriate shoes for water play. Water shoes can be any shoe with a back strap that can be worn in the water. Please be sure to take home bathing suits, and towels to be washed weekly.

Just a few safety reminders: Please be sure that if your child is wearing sandals to school that they have a back strap. It is easy to trip and hurt yourself on the playground if wearing flip flops. Also, please be sure that at pick up times your child remains with you while exiting the building and into the parking lots. If you have not already done so please send in sunscreen for your child. We are only able to apply sunscreen to your child that you have brought in and have signed a permission slip for. Finally, please remember to wash your child's hands when dropping off in the morning. Hand-washing is the best defense against the spread of germs, so we do it frequently!

On June 8th the Googols of Learning team will be out all night at Relay for Life! Please stop by in the evening and see us and take a few laps around the track with your child.

Please be sure to let me know if you have any questions or concerns. It is going to be a great summer!

Ms. Becky,

Galileo's Group
