We will be holding our annual Mud Day on Friday, July 19th. It is tons of fun, but the kids do get very messy. We ask that you please send extra clothes to school that you would not mind getting stained. Teachers will do their best to hose the children off as they leave, however we still recommend you bring a towel to protect your car. We also ask that you retrieve any items your child may have in the building BEFORE picking your child up, that way we can avoid tracking mud into the building. This is a family event, and all are welcome to attend!
